Subject: CTS - Provision to enter/edit the Practical/ED Marks at SPIU level where Practical/ED Marks of 0,-1, NULL, provided their CBT marks are available for legacy cases of 2018, 2019 examination-reg

Sir,

Matter relates to the provision to SPIU creator / approver i.e State directorate for entering or editing the Practical & ED marks of annual and semester system trainees. Practical and Engineering Drawing (ED) examination was conducted by the respective state, however Practical/ED marks are not entered by the respective Nodal ITI/ Examiner on time and approved by State Directorates. Several cases are brought into notice where Practical/ ED marks are not available in the portal inspite of sufficient time given again and again, due to which the candidates results are unable to process by DGT.

In order to resolve such cases, a provision has been given at SPIU level with Maker (creator) and Checker (approver) integrity. SPIU Creator may enter/edit their Practical/ED marks after verifying the actual marks scored and SPIU approver can approve the marks entry with due diligence to reprocess the results. Any misuse/complaints, the concerned SPIU creator and approver shall hold the responsibility.

SPIU approver can approve the marks for all legacy cases from examination conducted from September 2021 onwards (semester and non-semester). Additional provision also been provide to add the trainee, if his/her name is not displayed provided, HT was generated through the ncvtmis portal.

This provision will be made available upto 14th Oct 2022. All the state CoEs are kindly requested to resolve all the grievances related to the Practical and ED marks issues in order to conduct the supplementary exam in November 2022.

This is issued with the approval of the competent authority.
